3.d. Data release calendar

Year.

3.e. Data providers

Ministry of Agriculture and Rural Development

3.f. Data compilers

Ministry of Agriculture and Rural Development

4.a. Rationale

The indicator is important to assess the situation of new rural construction. Building a new countryside to improve the material and spiritual life of the people; have appropriate socio-economic infrastructure; economic structure and forms of production organization rationally, linking agricultural development with industry and service; linking rural development with urban areas; a democratic, equal and stable rural society, rich in national cultural identity; ecological environment is protected; national defense and security and order are maintained.

4.b. Comment and limitations

The set of new rural criteria for the 2016-2020 period was issued by the Prime Minister under Decision No. 1980/QĐ-TTg dated October 17, 2016 including 19 criteria.

Of the 19 criteria, the Planning group has 1 criterion (1- Planning); Socio-economic infrastructure group has 8 criteria (2- Transport; 3- Irrigation; 4- Electricity; 5- Schools; 6- Cultural facilities; 7- Agricultural commercial infrastructure villages; 8- Information and communication; 9- Residential houses); economic group and production organization have 4 criteria (10- Income; 11- Poor households; 12- Employed workers; 13- Production organization); The group of Culture - Society - Environment has 6 criteria (14- Education and Training; 15- Health; 16- Culture; 17- Environment and food safety; 18- Political and marketing system access to the law; 19- National defense and security).

For each criterion, the Decision specifies general criteria as well as targets for each region: Northern Midlands and Mountains; Red river delta; North Central; South Central Coast; Highlands; South East; Mekong Delta.

4.c. Method of computation

Method of computation

- - -

Công thức tính:

$$\text{Tỷ lệ xã được công nhận đạt tiêu chuẩn nông thôn mới (\%)} = \frac{\text{Số xã được công nhận đạt tiêu chuẩn nông thôn mới}}{\text{Tổng số xã thực hiện Chương trình mục tiêu quốc gia xây dựng nông thôn mới}} \times 100$$

5. Data availability and disaggregation

Annual figures from 2015-2019

Data not published by subcategory Provinces/Cities directly under the Central Government

(Published source: National report in 2020 on 5-year progress towards implementation of sustainable development goals. Data from Ministry of Agriculture and Rural Development)

6. Comparability/deviation from international standards

This indicator reflects Vietnam's sustainable development goals, which are not included in the Global Sustainable Development Indicators.
